Hello,

I am a Memphis resident and just found out about this. I am shocked, and though it is past the deadline for feedback, I want my opinion to be heard. This is unsafe for the residents of Boxtown and the lack of transparency is appalling. You cannot put an entire neighborhood in danger.

Using these people and their properties as a "point of least resistance" only highlights the many racial disparities and injustices these people have had to endure. It is low and shows how little you value them. Surely you do not want to add fuel to the fire we are still attempting to put out after hundreds of years.

You can find another way.

Docket number: COE2020-0002 and/or RIN 0710-AA84

Thank you,
